Round solar bollard 30cm 3000k/6000k

Brand : **Groupe D.D.C**

- Autonomy : 20h
- Diametre : 30cm
- Installation Type : Ground
- Lighting Temperature : (CCT) : 3000k and 6000k by lever switch
- Lumens : 300
- Material : Aluminium +pc
- Power in Watts : 4,5w
- Product Color : Black
- Protection Grade : Ip 65
- Weight : 2 kg

Reference : 762.006

Description

Battery: lithium 3.2 v / 7 ah

Solar panel : mono crystalline 4.5w / 6v

Integrated dark sensor

Intelligent charging control

Choice of lighting temperature by **lever switch** located on the body of the bollard (3000k or 6000k)

Operating temperature range: +50°C / -20°C
